Vapor and Sulphur Baths.—A most effectual remedy for Rheumatism, Merairial Complaints, Stiff Joints, Salt Rheum, and all cutancols or cruptive diseases. R. J. Carroll's celebrated Baths, 4 Great Jones street, are second to none in the Union in style of fitting up, cleanliness, and success in curing diseases. Established 1225.

Those who are troubled with Tender Feet an be instantly cured for 25 cents, by H. V. Bush's celerated Magic Cream Liniment, an intallible pain exterminate, for the readjection of all pain and screeness. This article twarranted. Principal depot, 3B Greenwich, corner of bush street. This article is warranted.

The Spring Medicine.—Hutching's Vegeta-ble Dyspepsia Bitters are acknowledged to be far the best medicine now in vogue for the diseases which it is recom-mended. The demand, we understand, is alily increasing, and Dr. H. finds it difficult to supply his orders, although he has made the factory three times a large as it was. This medicine is pleasant to the taste, and gives universal nati-faction, which is the grand accret of its great success. It can be obtained of the druggists generally throughout the city.

MONEY MARKET.

FRIDAY, June 6-6 P. M. The stock market very buoyant this morning, and transactions were unusually large. Reading Railroad is the favorite among speculators, and Harlem among capitalists and outsiders, for investment. It will be seen by our quotations to-day, that nearly every stockion the list advanced a fraction, and that the closing were better than the opening prices. At the first board, Norwich and 2; Harlem Railroad, 1/4; Eric Railroad, 1/4; Morris Canal, 1/4; Portsmouth Dry Dock, 1/4. Canton Comton Company was more active to-day, but was drooping a little in prices. The regular annual report will be published in a few days, when we shall probably have a most glowing account of the operations of the company, and vanced so rapidly as some others, but the improvement will be more permanent. It has yet a wide margin for an advance, and before the demand is satisfied, we have no doubt its real value will be reached. Long Island lately has been quiet, but holders have full confidence in it, and are by no means anxious to sell. Eric Railroad bas recovered a good deal of the drepreciation. The market is in a sound and healthy state; holders generally are strong; and we look for a further rise of considerable

There has been a fair demand for foreign exchange, for remittance by the steamship Baltic, for Liverpool. Engagements have been made for forwarding a large amount of specie, but the probability is that but a portion high, and as they regulate each other more or less, they go up and down together. Domestic exchanges range very low, and continue from week to week with the greatest uniformity in rates. Uncurrent money is not pressing upon the market in any quantity, and the de-mand for the paper issues of the banks of this State is such as to create a slight scarcity in our own markets, and give the issues of banks of our neighboring States a better chance to get into circulation. The free banking aws of other States, which have gone into operation lately, will provide a sound and strong paper currency, and give the people of the West a safe circulating m dium, which they have for a long time been much in

want of.

The receipts of the Ogdensburgh Railroad Company for May, 1851, amounted to \$37,059 This shows a gain over April of more than \$10,000. This is an unexpected result, considering the advantages against which the road has been obliged to contend, in competing for the Western business. The receipts since Jan. 1, have been, in round numbers-January, \$7,000; February, \$8,000; March, \$15,000; April, \$27,000; May, \$37,000.

The following gentlemen have been elected directors of the Sussex Zinc and Copper Mining Company:—James Kinathan Smith, James L. Curtis, Richard Jon T. Jones, Geo. W. Savage, Alex. C. Farrington, and Wm. C. Squires. At a subsequent meeting of the board, J-Rinathan Smith was elected President; Richard Jones, Vice President; Samuel T. Jones, Treasurer, and Alex M Cumming, Secretary.

The seventh annual report of the Greensville and Roa-

noke Railroad Company exhibits the affairs of the com-pany in a light highly gratifying to the stockhoiders. Without the aid of the State, they have constructed their road, relieved it from debt, and are now declaring annual dividends of seven and a half per cent on their espital stock of \$200,000. Their receipts from all sources last year were \$37,461 32, and their expenses amounted to \$22,829 74, leaving a net income of \$14,631 68. The resuscitation of the Raleigh and Gaston road is strongly urged, in order to secure the continued prosperity of the Greenville and Roanoke road.
